

## KY NASP® NOTES - October 2016

### Do you want to compete in tournaments? –

- IN SCHOOL requirement - If you plan to compete in ANY NASP competitions this year, you must make sure that NASP is taught in school by a certified Basic Archery Instructor (BAI). These lessons must be taught in school, in a class during the school day as part of the class' curriculum in EVERY school that provides archers that compete.
- If you want to sign archers up for a tournament, you MUST have permission from the school before you sign them up. The school makes the decision if an archer can participate.

### Make Money for your program –

- I want to offer schools a fundraising option to help raise funds to purchase archery equipment for your program. (This offer also applies to brand new schools that are fundraising for a start-up kit). KyNASP is offering the use of 3D targets to run a fundraising NASP®/IBO 3D Challenge tournament.
- The tournament must be organized to the NASP®/IBO 3D Challenge Rules  
<http://naspschools.org/events/attachments/1474643600.pdf>
- The tournament must be posted on <http://www.nasptournaments.org/>
- Targets must be picked up and returned at The Kentucky Department of Fish and Wildlife Resources at #1 Sportsman's Ln, Frankfort, Ky 40601 (Pickup within 2 days of the event, return within 2 days after the event)
- Replacement usage fee of \$1 per archer. Fees will be invoiced from KyNASP after the event.
- Interested schools may contact Lisa Frye ([lisa.frye@ky.gov](mailto:lisa.frye@ky.gov))

### Tournaments – rule documents can be found at <http://fw.ky.gov/Education/Pages/NASP.aspx>

Regional tournament host have been finalized. Remember, to advance to the State tournament (and beyond), participation at the regional tournament is required.
